## about him

Y C Tan, our founder and Managing Director, joined the broadcast industry in 1997, after seeing the potential market growth in South East Asia. Under his guidance, GBS Alliance has grown rapidly and we now have 8 regional offices and agents to cater to customers in Asia.

## company

The company provides Radio, TV, Transmission and Pro-Audio equipment and solutions. Being an established system integrator, we have designed, installed and commissioned many turn-key Radio & TV transmitter and studio projects in the Asia Pacific region.

GBS is the exclusive distributor for many prestigious brands and our long term commitment to these brands have allowed us to present many types of solutions for our customers.

commit

Our competent teams of engineers are always ready to offer advanced technological proposals. Being the pillar of the company, our engineers have maintained a long list of satisfied returning customers and GBS Alliance will continue to remain significant and professionally reliable for many more years to come!
